

Convenient ways to wear BTS

Clip on – clip BTS onto your shirt or front pocket.

Around the neck – plug your IEMs into BTS and let BTS hang around your neck while listening.

Charging

We recommend letting BTS charge for at least one and a half hours upon first receiving it.

Plug the Micro USB-B male end of the cable into BTS and plug the USB end of the cable into a wall charger or USB port located on a computer.

Power On

To turn BTS on, hold the phone or bottom button until the LED located by the 3.5 mm headphone jack turns blue.

Power off

To turn BTS off, hold the phone or bottom button until the LED located by the 3.5 mm headphone jack turns red.

Pairing

1. Ensure that the device being paired (“parent device”) with BTS is discoverable and has Bluetooth enabled.
2. Make sure BTS is off.
3. Hold the button at the bottom of BTS to turn BTS on and hold until the LED located by the 3.5 mm headphone jack flashes blue and red.
4. Scan for available Bluetooth devices on the parent device and select BTS.
5. Follow pairing instructions on the parent device and if prompted for a passcode enter 0000.

Multipoint

Noble BTS can support connections with up to two devices simultaneously. This means you don't need to disconnect/reconnect devices when alternating between them and you can perform useful tasks such as fielding calls from two devices.

Once two different devices have been paired with BTS module separately, turn the module completely off and then initiate the pairing sequence to automatically pair with both parent devices.

Taking a call

- Press the phone button once during an incoming call to answer
- Press the phone button once during a call to end the call
- Press the phone button twice to redial the last number you dialed or received a call from
- Press and hold the phone button for one second to silence or reject an incoming call
- Press both the volume up and volume down buttons simultaneously to mute/un-mute the microphone

Taking a Call (when using multipoint)

- To end the current call and answer an incoming call press the phone button
- To reject an incoming call press the phone button twice
- To put a current call on hold and answer an incoming call press and hold the phone button for two seconds
- To switch between an active call and held call, press and hold the phone button for two seconds

Listening to Media

1. Make sure BTS is paired with the parent device playing the media and is selected as the audio output option on the parent device.
2. Press the play/pause button to play and again to pause.
3. Quickly press the volume up and volume down buttons to change the volume.
4. Press and hold the volume up and volume down buttons for approximately two seconds (long press) to skip to the next or previous tracks.
