

# RETURN POLICY

Here at Noble, we believe that everyone should have the opportunity to demo our products in the comfort of their own home using their own equipment. As a result, all Noble universal IEMs come with a 5-day no-questions-asked return policy that begins on the date of delivery.

Returned IEMs must be received in like-new condition with all accessories for a 20% restocking fee to be assessed. IEMs returned in less than new condition, missing accessories, and/or in unoriginal packaging may be assessed a larger restocking fee.

Customers have 15-days from receipt to return BTS units and all BTS returns are subject to a \$25 restocking fee per unit if received in like-new condition.

Listeners that wish to return their products within the demo period must pay for return shipping back to Noble.

All sales are final for Wizard IEMs. There is no return policy for CIEMs simply due to the custom nature of these products.
